### MEETING INFORMATION

---

Wednesday  
October 25, 2017  
6:00 pm

Monroe Site  
School Auditorium  
4400 Ladoga Avenue  
Lakewood, CA 90713

### Community Meeting at Monroe School Site

---

Planning is well under way for the next phase of Measure E school repairs and upgrades after voters approved the \$1.5 billion school bond measure last November.

LBUSD continues to prepare interim classroom space at various school sites that will accommodate students while the permanent structures at their schools are improved, including the Monroe site.

The school district is hosting the second informational meeting to share the status of the project so that everyone will be aware of upcoming activities as well as plans to minimize inconveniences related to traffic, parking, noise, etc.

We encourage interested parties to attend this meeting as questions and concerns will be addressed at this time.
