

REQUEST TO PREQUALIFY AND FOR STATEMENT OF QUALIFICATIONS FOR  
PRELIMINARY AND CONSTRUCTION SERVICES (LEASE-LEASEBACK)

**REQUEST FOR CLARIFICATIONS RESPONSES**  
**March 22, 2017**

1. The instructions in the District's request for statements of qualification for lease-leaseback services limits responses to 50 pages and requests up to 10 letters of references be included in the submissions. May we exclude the letters of reference from the page count? **Yes, the letters of reference can be excluded from the 50-page limit.**
2. Are the individual tabs requested for each section, beginning from 3.1 thru 3.19, to be included or not included in the 50 page maximum? **The individual tabs are not included in the 50-page limit.**
3. Section 3.4 Contractor Personnel/Contractor Team – this section is asking for resumes of key personnel who would be performing services for the District. Per Section 3.18 Compensation, there is a staffing chart that lists preliminary & general conditions staffing for this SOQ. Are we to assume these are the key personnel you are requesting at this time? If not, can you please specify the exact number of key personnel we are to include in our SOQ (Project Managers, Constructability Reviewers, Estimators, Schedulers, Project Executives, Project Superintendents & Project Engineers)? **At a minimum, include the staffing listed in Section 3.18. If you anticipate providing services by other key personnel, you can add to the list for consideration. Yes, the staffing in Section 3.18 should match the resumes provided in Section 3.4.**
