Report on the Financial Statements

We have audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the Long Beach Unified School District, as of and for the fiscal year ended June 30, 2014, and have issued our report thereon November 17, 2014. We have also audited the accompanying financial statements of the Measure K Bond Fund of the Long Beach Unified School District as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Board of Education
The Citizens' Oversight Committee
Long Beach Unified School District

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Measure K Bond Fund of the Long Beach Unified School District as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report November 17, 2014 on our consideration of the Long Beach Unified School District's internal control over the Measure K Bond Fund financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over the Measure K Bond Fund financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Long Beach Unified School District's internal control over the Measure K Bond Fund financial reporting and compliance.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

ACCOUNTING POLICIES

The accompanying financial statements have been prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.

FUND STRUCTURE

The Statement of Revenues, Expenditures and Change in Fund Balance is a statement of financial activities of the Measure K Bond Fund related to the current reporting period. Expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, this statement does not purport to present the results of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

BASIS OF ACCOUNTING

The Measure K Bond Fund of the Long Beach Unified School District (the District) is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

Cash in the County Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of the Governmental Accounting Standards Board.

BUDGET

The Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual includes a column titled “Budget”. The amounts in this column represent the budget adopted by the Board and all amendments throughout the year.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

FUND BALANCE CLASSIFICATION

The governmental fund financial statements present fund balance classifications that comprise a hierarchy based on the extent to which the District is bound to honor constraints on the specific purposes for which amounts can be spent. Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation are considered restricted. The fund balance of the Measure K Bond Fund is therefore classified as restricted.

CAPITAL ASSETS AND LONG-TERM DEBT

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Measure K Bond Fund are determined by its measurement focus. The fund is accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of “available spendable resources”. Thus, the capital assets and long-term liabilities associated with the Measure K Bond Fund are accounted for in the basic financial statements of the District.

ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

In accordance with Education Code Section 41001, the District maintains all of its cash in the Los Angeles County Treasury as part of the common investment pool. These pooled funds are carried at cost which may differ from fair value. The fair market value of the District’s deposits for the Measure K Bond Fund in this pool as of June 30, 2014, as provided by the pool sponsor, was \$99,187,593, as based upon the District’s pro-rata share of the fair value for the entire portfolio (in relation to the amortized cost of the portfolio).

NOTE 2 - DEPOSITS - CASH IN COUNTY TREASURY:

The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et. seq. The county is restricted by Government Code Section 53635 pursuant to Section 53601 to invest in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The funds maintained by the County are either secured by federal depository insurance or are collateralized. The County investment pool is not required to be rated. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

NOTE 3 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS:

There were no excess of expenditures over appropriations, by major object accounts, that occurred in the Measure K Bond Fund.

NOTE 4 - BONDED DEBT:

On November 4, 2008, the voters approved the issuance of bonds, not to exceed \$1,200,000,000. On April 7, 2009, the District issued General Obligation Bonds, Election 2008, Series A of \$260,000,000 serial and term bonds. The bonds were issued for the purpose of refunding the District's outstanding 2008 Capital Project Notes and paying for the cost of new construction, reconstruction or modernization of some or all of the schools within the District.

On April 19, 2011, the District issued General Obligation Bonds, Election 2008, Series B and B-1 of \$3,020,686 capital appreciation serial bonds and \$72,406,000 of Qualified School Construction Bonds. These bonds are being issued to finance the acquisition, construction, rehabilitation and equipping of classrooms and school facilities within the District, and to pay the costs of issuing these bonds.

**LONG BEACH UNIFIED SCHOOL DISTRICT
MEASURE K BOND FUND**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2014**

NOTE 4 – BONDED DEBT: (continued)

Capital appreciation bonds issued for Measure K, Series B have maturity dates from August 1, 2034 through August 1, 2035. Prior to the maturity date, the bond will accrete interest on the principal component.

The Series B-1 bonds are being designated as “Qualified School Construction Bonds” for purposes of the American Recovery and Reinvestment Act of 2009. With respect to the Series B-1 bonds, the District expects to receive, on or about each bond payment date, a cash subsidy payment from the United States Treasury equal to the amount of interest determined at a federal tax credit rate under Section 54A(b)(3) of the tax code. The District will deposit the cash subsidy with the county to be credited to the Bond Interest and Redemption Fund for debt service payments.

On May 15, 2013, the District issued General Obligation Bonds, Election 2008, Series C of \$50,000,000 serial bonds. These bonds are being issued to finance the repair, upgrading, acquisition, construction and equipping of certain District sites and facilities and to pay the costs of issuing these bonds.

The outstanding bonded debt for the Long Beach Unified School District at June 30, 2014 is:

The repayment of the debt related to the Measure K General Obligation Bonds is accounted for in the District's Bond Interest and Redemption Fund which is part of the District's basic financial statements. In addition, the long term debt is reported in the government wide statements of the District's basic financial statements and is not part of the financial statements reported herein.

NOTE 5 – COMMITMENTS AND CONTINGENCIES:

A. Purchase Commitments:

As of June 30, 2014, the District was committed under various capital expenditure purchase agreements for construction and modernization projects to be paid by Measure K funds totaling approximately \$76,500,000. Projects will be funded through bond proceeds.

B. Litigation:

The District is involved in various claims and legal actions related to various construction projects. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the District's Measure K Bond Fund financial statements.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance and Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual for the Measure K Bond Fund of the Long Beach Unified School District (the District), as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's Measure K Bond financial statements, and have issued our report thereon dated November 17, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over the Measure K Bond Fund financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's Measure K Bond Fund financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

ON THE PROPOSITION 39 GENERAL OBLIGATION BOND
COMPLIANCE REQUIREMENTS**

The Board of Education
The Citizens' Oversight Committee
Long Beach Unified School District
1515 Hughes Way
Long Beach, California 90810

We have conducted a performance audit of the Long Beach Unified School District (the "District"), Measure K General Obligation Bond program for the year ended June 30, 2014.

We conducted our performance audit in accordance with *Governmental Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 16 of this report which includes determining the District's compliance with the performance requirements for the Proposition 39 Measure K General Obligation Bonds under Section 1(b)(3)(C) of Article XIII A of the California Constitution and under certain provisions of Sections 15264 and 15272 – 15286 of the California Education Code. Management is responsible for the District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal control of the District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution and certain provisions of Sections 15264 and 15272 – 15286 of the California Education Code. Accordingly, we do not express any assurance on internal control.

The results of our tests indicated that for the fiscal year ended June 30, 2014 the District complied, in all significant respects, with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution, and certain provisions of Sections 15264 and 15272 – 15286 of the California Education Code.

LONG BEACH UNIFIED SCHOOL DISTRICT

MEASURE K BOND PROGRAM PERFORMANCE AUDIT

Fiscal Year Ending June 30, 2014

BACKGROUND INFORMATION

In November 2000 the voters of the State of California approved Proposition 39 authorizing the issuance of general obligation bonds by California public school district's and community colleges, under certain circumstances and subject to certain conditions. In November 2008, a general obligation bond proposition (Measure K) of the Long Beach Unified School District was approved by the voters of the District. Measure K authorized the District to issue up to \$1.2 billion of general obligation bonds to finance various capital projects, and related costs.

The Priority School Project Lists section of the Measure K ballot language makes reference to the District's 2009 Facilities Master Plan for the specific projects that the District proposes to finance with the proceeds from the Measure K bonds. Listed projects are completed as needed at a particular school site according to Board-approved Project Listing Recommendations (per page 19b of the 2009 Facilities Master Plan). The Project Listing Recommendations were formulated by the District's Internal Executive Committee, and reflect recommendations made by the district's Community Advisory Committee.

Pursuant to the requirements of Proposition 39, and related state legislation, the Board of Education of the District established a Citizens' Oversight Committee and appointed its members. The principal purpose of the Citizens' Oversight Committee, as set out in state law, is to inform the public as to the expenditures of the proceeds of the bonds issued pursuant to the Measure K bond authorization. The Citizens' Oversight Committee is required to issue at least one report annually as to its activities and findings.

Section 1(b)(3)(C) of Article XIII A of the California Constitution requires the District to conduct an annual independent performance audit to ensure that the proceeds of the bonds deposited into the Measure K Bond Fund have been expended only for the authorized bond projects. Consistent with this provision, Section 15286 of the California Education Code requires the performance audit to be conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States and be submitted to the Citizens' Oversight Committee by March 31 of each year.

LONG BEACH UNIFIED SCHOOL DISTRICT

MEASURE K BOND PROGRAM PERFORMANCE AUDIT

Fiscal Year Ending June 30, 2014

OBJECTIVES

The objectives of our performance audit were to:

- Obtain documentation for the expenditures charged to the Long Beach Unified School District Measure K Bond Program.
- Determine whether expenditures charged to the Measure K Bond Program funds have been made in accordance with the bond project list approved by the voters through the approval of Measure K in November 2008.
- Note incongruities, system weaknesses, or non-compliance with specific California Education Code sections related to bond oversight and provide recommendations for improvement.
- Provide the District Board of Education and the Citizens' Oversight Committee with a performance audit as required under the requirements of the California Constitution and Proposition 39.

SCOPE OF THE AUDIT

The scope of our performance audit covered the fiscal period from July 1, 2013 to June 30, 2014. Our sample selection considered object and project codes associated with the bond projects. However, not all planned projects incurred expenditures in the current year, and not all projects with expenditures were tested. The propriety of expenditures for capital projects and maintenance projects funded through state or local funding sources, other than the proceeds of the bonds, were not included within the scope of our audit. Expenditures incurred subsequent to June 30, 2014, were not reviewed or included within the scope of our audit or in this report.

LONG BEACH UNIFIED SCHOOL DISTRICT

MEASURE K BOND PROGRAM PERFORMANCE AUDIT

Fiscal Year Ending June 30, 2014

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2014 for the Measure K Bond Program. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for expenditures to ensure compliance with the requirements of Proposition 39 and Measure K with regards to the approved bond projects list. We performed the following procedures:

- We reviewed the projects listed to be funded with general obligation bond proceeds as set out in the Measure K election documents.
- We selected a sample of expenditures for the fiscal year ended June 30, 2014, and reviewed supporting documentation to ensure that such funds were properly expended on the authorized bond projects.
- The District expended \$84,978,319 during fiscal year ended June 30, 2014 on the projects outlined on the following page. Our sample included 98 vendor transactions and payable document totaling \$59,580,883 which represents 70% of total expenditures.

We reviewed documentation, including the Long Beach Unified School District's website, to verify compliance with certain bond oversight requirements of the California Education Code, including the membership make-up of the Citizens' Oversight Committee, publication of committee proceedings, and the issuance of an annual report to the public.

LONG BEACH UNIFIED SCHOOL DISTRICT

**MEASURE K BOND PROGRAM
PERFORMANCE AUDIT**

Fiscal Year Ending June 30, 2014

PROCEDURES PERFORMED (continued)

- We verified on a sample basis that the Measure K Bond Program funds were generally expended for the construction, reconstruction, acquisition, furnishing and equipping of District facilities constituting the authorized bond projects and we verified that funds held in the Measure K Bond Fund were not used for salaries of school administrators or other operating expenses of the District. We noted that \$137,914 was expended on salaries and benefits for employees dedicated to management of Measure K projects as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

RESULTS OF PROCEDURES:

The results of our tests indicated that, in all significant respects, Long Beach Unified School District has properly accounted for the expenditures of the funds of the Measure K Bond Program and that such expenditures were made on authorized bond projects. Further, it was noted that the funds of the Measure K Bond Program were not expended for salaries of school administrators or other operating expenditures.

In addition, the results of our tests indicated that, in all significant respects, the District complied with the applicable California Education Code requirements for which the purpose of a Citizens' Oversight Committee is established.
