150 Victoria St.
Long Beach, CA 90805

Construction Budget:

\$543,000

Funding Source:

Measure A

Project Area:

5.3 Acres

Projected Opening:

March 2012

Colin Powell Academy for Success Soccer Field

OVERVIEW:

By spring 2012, student athletes at the Colin Powell K-8 Academy for Success will have a new place to exercise and enjoy the home field advantage when competing in sports, thanks to the creation of a 5.3- acre soccer field on campus.

The grass field is surrounded by a walking/running track and boasts a garden with fruit trees and vegetables where students can learn about horticulture. To cut down on noise and pollution, a raised earthen berm barrier consisting of trees and shrubs was also installed along the perimeter of the field near the 710 Freeway.
